

# VACCINE FREE: Now What?

A 12-week  
teleseminar  
course

DONNA POWERS is a Calgary-based homeopath specializing in children's health issues and families who choose to be vaccine free and almost vaccine free. She will be sharing her expertise in a 12-week teleseminar course with a focus on using homeopathy to help children heal from infectious childhood illnesses such as measles, mumps, and whooping cough.

## In the 12-week course she will cover:

- Hands-on information to use homeopathy effectively and safely in preventing and treating infectious illness at a very early stage - with accompanying resource guides.
- Confidence and reassurance that you are helping your child heal by supporting the immune system rather than suppressing it.
- Better understanding who your child is so that you can give them a personalized remedy – rather than one that's one-size-fits-all.
- Information to determine if and when you need additional conventional medical support.
- Access to a private forum with a like-minded community to share homeopathy stories and successes. Help and support are only a phone call or email away!

Begins March 6, 2013 (weekly tele-seminars held Wednesdays from 1-2:30 MST)

Early Bird Registration Deadline:  
February 21, 2013

Final Registration Deadline:  
February 28, 2013

Class number is limited to 12 to allow for connection with other parents and to give everyone lots of time for questions, answers, and sharing.
